

NRRC FLAGSHIP 4

Integrated Community Based Disaster Risk Reduction

Supporting community development through reducing vulnerability to natural disasters

ABOUT

The Nepal Risk Reduction Consortium (NRRC) recognizes the value of empowered communities as a key driver to reduce vulnerability to natural disasters. The NRRC Flagship 4, led by the International Federation of Red Cross and Red Crescent Societies (IFRC) and the Ministry of Federal Affairs and Local Development, is taking the lead in reducing vulnerability to natural disasters through community based disaster risk reduction.

TARGET

- The Flagship aims to have CBDRR projects covering 1000 Village Development Committees (VDCs) over 5 years.

HOW TO GET INVOLVED

- Visit www.nrrc.org.np to: register your project, add yourself to the mailing list, measure your project against the characteristics, view projects in Nepal and learn more on how to partner with Flagship 4

WHO'S INVOLVED

Our members include: Nepal Red Cross Society, Save the Children, Practical Action, Action Aid, Mission East, Handicap International, UNDP, Oxfam, Caritas, ADRA Nepal, Lutheran World Federation and more.

OBJECTIVES

- Provide an overall strategic framework for community based disaster risk reduction (CBDRR) activities
- Map and demonstrate the progress of CBDRR projects on a national level over a period of time
- Attract additional resources and partners
- Strengthen the linkages with government/administrative structures in Nepal to ensure sustainability

MAJOR ACCOMPLISHMENTS TO DATE

- 9 Minimum characteristics of what a disaster resilient community comprises of in Nepal have been agreed on
- Information Platform has been created for information sharing and project mapping (www.nrrc.org.np)
- More than 500 VDCs have CBDRR projects underway or in the planning that are Flagship 4 compliant
- Mapping of over 275 CBDRR projects across Nepal
