

Advisory Committee minutes available

Flagship 4's advisory committee held its first meeting of 2013 on 25 February 2013.

Key areas discussed included:

- Flagship 4's target for 2013: 750 of the targeted 1000 VDCs/ municipalities will be undertaking CBDRR activities.
- Proposed focus areas for Flagship 4 in 2013
- Discussion around the National level workshop on 28 March
- Links with other Flagships

For more information the final minutes and action points can be found on [here](#)

Update on DIPECHO VII disaster risk reduction projects

In DIPECHO VII, Nepal's DIPECHO partners will be developing a common Community Based Disaster Preparedness (CBDP) model, aligned to Flagship 4's 9 minimum characteristics of a disaster resilient community, which will then be operationalized, tested and monitored by the partners.

To initiate this discussion of operationalizing Flagship 4's minimum characteristics, DIPECHO partners, in collaboration with Flagship 4, will be holding a workshop in April inviting all CBDRR implementing partners to participate and share their views.

More information to follow over the coming weeks.
