

Knowledge library

Our [knowledge library](#) is growing! If you want your organization's publication to be added to the library, send it to us.

Project Tracking Survey

The Project Tracking Survey is now [online](#). We ask you, as a stakeholder in disaster risk reduction, to complete the online survey, by 30 September 2012. Please enter any new and existing CBDRR project completed, ongoing or planned since 2009. The survey is to be completed annually. If you miss the deadline, your efforts in CBDRR will, at a national level, unfortunately go unreported.

NRRC Communications event 12 October

After some discussions with partners, it has been decided to launch an earthquake campaign on 12 October 2012 to commemorate the International Day for Disaster Reduction (IDDR). DP-Net will be coordinating this activity on behalf of [NRRC Communications Group](#). For more information, please contact: christian.clark@np.bbcmmediaaction.org

Urban DRR virtual working group

The Nepal Risk Reduction Consortium Secretariat has proposed a strategy that will facilitate coordination and information sharing about urban DRR, as agreed in the urban DRR workshop on 13 August. The [proposal](#) can be found online at Information Platform. Please send any feedback on this proposal to Giovanni Congi, Public Information Coordinator, NRRC at giovanni.congi@one.un.org, by 30 September.

NRRC on LinkedIn

Nepal Risk Reduction Consortium is now also on LinkedIn. Follow NRRC [here](#).
