28 March 2013

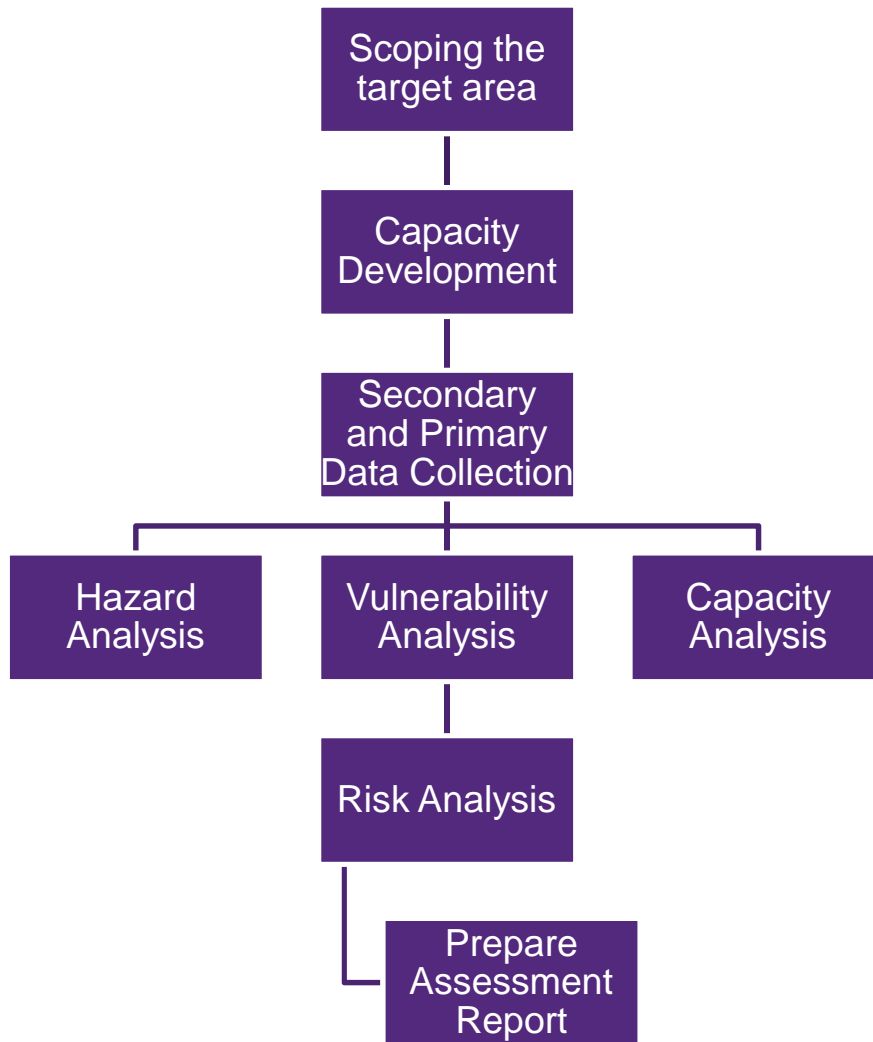

OXFAM

Process of Urban Disaster Risk Management

Urban Risk Assessment

Urban DRR: Current Challenges and Synergies

Complexities of negotiating new urban issues

- IDP sites-issues of common, agreed and practicable standards of per capita area allocation

CDMC formation

- Risk Assessment (VCA) in the urban context

Urban DRR: Current Challenges and Synergies

Mass communication

- Participation of urban communities and the stakeholders
- Uniform and standard message and mechanism
- Means of communication

Clear Coordination mechanism

- Shelter Plan for identified IDP camps
- DMC networking and strengthening

THANK YOU!
